

Conditions for redeeming vouchers

- Each voucher can be redeemed only once via email, phone or in person at one of the branches of ABC Travel Service.
- Vouchers can be redeemed on all travel services offered by ABC Travel Service. If you use your voucher for travel services, such as flights, rental cars, cruises, etc., please send your travel request to internet@abctravel.de.
- A combination with other vouchers, payout in cash and redemption after payment are prohibited. Vouchers have no expiration date and therefore do not lose their validity. A minimum amount per booking is not required. Commercial resale of the vouchers is prohibited.
- A partial redemption of the voucher is possible. The balance can not be paid out, but still exists as a credit on the voucher code. If your purchase value is above the voucher value, the difference must be settled via the usual payment options.
